MEMORANDUM FOR ACQUISITION PERSONNEL

Subj: STATUS OF NAVFAC POLICY MEMORANDA (99-29)

Encl: (1) Status List

1. Enclosure (1) contains an updated list of the status of NAVFAC policy memoranda. Unless the status is indicated as either cancelled or superseded, the policy memoranda listed are still current. Only the current policy memoranda will be posted on the NAVFAC ACQ Online Homepage.
2. When the information contained in a policy memorandum is no longer valid, the policy memorandum is cancelled. If the policy was for a specified period of time that has now passed, the policy memorandum will be cancelled. If the policy memorandum is an advance notice of changes to the FAR, DFARS or NAPS, once a FAC, DAC or NAPS change has been issued, the policy memorandum has been superseded and is no longer necessary. When the information in the policy memorandum has been revised by a subsequent policy memorandum, the policy memorandum is superseded. Activities should purge any cancelled or superseded policy memoranda.
3. Some policy memoranda are issued as reminders of existing policy, clarifying existing issues, or provide information only. These types of policy memoranda will remain current for a period of time and then be removed from the current list but should be retained separately since the information provided is frequently still valuable.
